

Core Values of Shri Tuljabhavani College of Engineering Tuljapur

1.Academic integrity and accountability:

Academic coordination unit works for making uniform teaching learning schemes through course files. Structure of course file is decided in a meeting by HODs and approval is taken from head of institution and the same is implemented by all faculties uniformly.

2.Respect and tolerance for the views of every individual.

Every individual is heard during the appraisal process suggestions and comments are noted and are executed.

3.Attention to issues of national relevance as well as of global concern.

Cleanliness is the major issue of National relevance. Every care is taken to observe cleanliness in campus. Also Institute contributes through physical efforts in Tuljapur . Institution works for reduced carbon contain by reducing paper usage. Notices are released on line through soft copies

4 Fairness

Institution observes fair and transparent system for all teaching nonteaching staff members. Mechanism has been invoked to monitor incoming and outgoing movements of staff and rules are fairly applicable to all including head of Institution.

5.Appreciation of intellectuals and creative.

Institution appreciates good performing students and staff members for their achievements in academic and research works. Best teacher award and best non teaching staff awards are given every year. Meritorious students are given scholarships. Students creativity is encouraged by deploying them for sports research and cultural activities
